

# **This is the 20th year and it's time to vote! New York State Constitutional Convention!**

Register to vote, and vote YES!

The Divide New York into three autonomous regions of New Amsterdam Montauk, and New York Regions is an initiative to separate upstate New York, & the suburbs, from New York City.

### **This is what's in our plan:**

The New York region could repair the subways instead waiting for Albany to act. Albany could no longer play games with the NYC school system, Rent Control, and many other issues.

Repeal no sense and non-sense laws, and other laws that are tax burdens, restrict our Constitutional Rights, and those laws that simply feed the greedy pockets of our State.

Term limits

Remove Common Core.

Create a more favorable, less restrictive environment for business' to stay here in our area and keep our jobs here, to keep our workers here.

### **What is NOT in our plan:**

Removing or altering state and civil service retirements (both sides of this initiative will NOT touch this even though there are rumors and talk floating around about it).

Making two separate States (while it may be easier to do in New York State, it would be difficult for it to pass the U.S. Congress).

Think about it, High taxes driving businesses out. Common Core scandals. They want to pay for college education, but keep rents and taxes too high. They have taken away property rights. This State, and its Governor are out of control and we're not looking for any kind of reform. We're looking to fire them, and create our own system that works for each of us.

You must be registered to vote in order to vote YES or NO. *The vote for a NYS Constitutional Convention will be either on the back of the ballot, or on a separate sheet of paper.*

You can register online at <http://www.newamsterdamny.org/register-to-vote.html>

VOTE 'YES' FOR A NYS CONSTITUTIONAL CONVENTION IN NOV. 2017
