

Did You Know?

- This Plan allows Nassau, Rockland, Suffolk and Westchester counties to govern themselves.
- Existing unnecessary regulations are restricting people rights and driving businesses away.

Divide New York Plan

The New Montauk regional government would have the power to repeal these unnecessary regulations and bad laws that are hurting the Suburbs and Long Island.

We would partition NYS into three Autonomous Regions the New Amsterdam Region (upstate), Montauk region Nassau, Rockland, Suffolk and Westchester counties, and the **New York Region (NYC)**. alongside a token state government to comply with the US Constitution. The token NYS government that remains would have about the same power as the Queen of England!

While the approval of both Congress and State Legislature is needed to divide NY into two states, an amendment to our New York State constitution is all that is needed to divide our state into autonomous regions which is almost the same as being separate states. Since Congress is unlikely to give the Northeast two more US Senate seats a new state would require; the autonomous regions plan, with a token state government, is more likely to succeed.
